Irene Pfädt, PT
Robert Schleip, PhD

Recent basic and applied research and reviews in soft connective tissue sciences at all levels: *Molecular, cellular, tissue, organ, compartment, and limb or trunk and whole body...and in all disciplines: e.g. molecular biology, cytology, histology, anatomy, physiology, biochemistry, biomechanics, neurology, surgery.*

The conference will include:

- Free oral and poster presentations of peer reviewed research.
- Special panels and presentations will also address the research interests of clinical practitioners in acupuncture, chiropractic, massage, neuromuscular therapies, osteopathy, physiatry, physical therapy, sports medicine, structural bodywork and surgery.
- Clinical practice techniques will be demonstrated at both podium and small group sessions aimed at bringing manual therapy clinicians and scientists together to enhance common research interests and communication.

DEADLINE FOR EARLY REGISTRATION...May 15, 2009

SPACE IS LIMITED, REGISTER EARLY...

This conference will attract a diverse group of research scientists, students and clinical specialists. A capacity attendance is expected.
